

STUDENT ASSESSMENT

Background

Testing and evaluation are an integral part of a student's education.

The District supports a District-Wide Assessment Program which has clearly defined educational purposes and provides for a range of testing and evaluation activities appropriate to those purposes.

Procedures

1. The Superintendent will review the District's assessment procedures and revise them as necessary.
2. The Superintendent directs that, when District-wide tests are administered, the schools and the District will review the results of such tests and follow-up action will be taken at both levels.
