

ENROLMENT PROJECTIONS

Background

Enrolment projections will be prepared on a long-range basis under the direction of the Secretary-Treasurer and will be reviewed and brought up to date annually.

Procedures

1. The projections are to take into account:
 - 1.1. School registration figures,
 - 1.2. Forthcoming changes in city planning and zoning,
 - 1.3. Current and planned land development and housing projects in the District,
 - 1.4. Any other data on population trends and school enrolment that may be available to school officials.

Results of long term enrolment projections shall be reported to the Superintendent by the Secretary-Treasurer when they impact facility planning.
